

## What's in the box?

Kanega Watch, Charger, Four Batteries, User Guide, Quick Start Guide

See product education videos at [www.unaliwear.com/support](http://www.unaliwear.com/support).

## Step 1 Charge your Kanega batteries before inserting on the watch.

- Insert two (2) batteries in any two of the charger ports. Place bottom end first and secure by pushing battery into the port.
- Verify green light at the connector cord of charger port is on.
- Battery light fades red when batteries are charging and turns green when they are charged. Charging time may take up to 4 hours.

## Step 2 Install fully-charged Kanega batteries on the watch (in a location with good cellular connection).

- Squeeze sides of a battery and insert bottom end, secure the top and release the battery sides. Gently press the top of the battery to ensure it has clicked in place.
- Place a charged battery on both sides of the watchband and put remaining two on charger so they are ready when needed.

The display will show either 'Black/blank' OR 'Kanega Watch'.

- **Black/blank** — press (do not twist) and hold the crown button for five (5) seconds. The crown button is on the right-hand side of the watch. Release the crown button when the white bar disappears.

- Initial set up may take up to ten (10) minutes.
- The display changes to '**Press crown to begin**' when the watch is ready for you to listen to the short tutorial.

## Step 3 Listen to welcome voice tutorial through the Kanega watch speaker.

- One short press of the crown button starts the 5 minute voice tutorial. There is one (1) minute to begin before the watch goes to sleep and returns to black/blank screen.

### Need Help?

Contact Customer Support at:

[Support@BlueStarSeniorTech.com](mailto:Support@BlueStarSeniorTech.com)

1-800-300-1724, ext. 2

- Please wear your Kanega watch during the voice tutorial.

Thank you for purchasing the Kanega watch. Refer to the User Guide for details.
